

KOLEKCIJA  
2020

Since the establishment in 1994, we have set standards, from which we still do not deviate. These are high aesthetic values, modern design and uncompromising quality. The skillful hands of our craftsmen shape the material and turn the ideas into reality. Cooperation with renowned European and domestic designers, the selection of quality materials and the passion that we bring into each product has contributed to Atlas having its place in the furniture world. From a small handcraft workshop with only three workers, Atlas has grown into a modern company with 160 workers thanks to big effort, hard-work and commitment. The demands of the contemporary market pose new challenges before us and we are ready to respond to them.

Our products are characterized by the use of cutting-edge materials and modern technologies, as well as perfect comfort, all for the sake of satisfaction of our customers. Hand-painted, high-quality Italian leather, best fabrics and feathers, modern motorized relaxing mechanisms, high-elastic foam, quality wooden construction made of beech massive, are carefully packed into a product that ranks with the products of the world's most famous furniture brands.

Od osnivanja 1994. godine postavili smo standarde od kojih i dalje ne odstupamo. To su visoke estetske vrednosti, moderan dizajn i beskompromisan kvalitet. Vešte ruke naših majstora oblikuju materijal i ideje pretvaraju u stvarnost. Saradnja sa poznatim evropskim i domaćim dizajnerima, odabir kvalitetnih materijala i strast koju unosimo u svaki proizvod doprinela je da Atlas danas ima svoje mesto u svetu nameštaja. Trudom, radom i zalaganjem Atlas je od zanatske radionice sa tri zaposlena prerastao u moderno preduzeće sa 160 radnika. Zahtevi savremenog tržišta postavljaju pred nas nove izazove i mi smo spremni da na njih odgovorimo.

Naše proizvode karakteriše upotreba vrhunskih materijala i modernih tehnologija, kao i savršena udobnost, a sve u cilju zadovoljstva naših kupaca. Rukom bojena, kvalitetna italijanska koža, najbolji štofovi, perje, savremeni motorizovani relax mehanizmi, viskoelastični sunđer, kvalitetna drvena konstrukcija izrađena od bukovog masiva, pažljivo su upakovani u proizvod koji je u rangu sa proizvodima najpoznatijih svetskih brendova.
